For Good Measure

dipper-Tag tag line

Length options: 100ft/30m to 1000ft/300m

Warranty: 2 years

The economical **dipper-Tag** is a **multi-purpose** unit designed for use when installing or monitoring wells. The 316 grade s/s plover that comes with the **dipper-Tag** can be used for measuring to the bottom of a well, or the depth to the top of a bentonite layer or backfill sand. The spring release clip allows the user to exchange the plover to other available accessories such as one of our **dipperLogs** to measure water levels and temperature for **short term** analysis. The **dipper-Tag** can also be used with third party accessories (i.e bailers for water sampling).

Features included with the dipper-Tag:

- **Locking Clip** – forged stainless and chrome plated
- **Plover** – 316 grade stainless steel, 680 grams
- **Tape** – polyethylene, reinforced with **Kevlar** – markings in metric (mm) or engineering scale (1/100')
- **Carry Bag** – to **protect** your water level meter from the elements
- **Tape Guide and Hanger** – to support the meter at the well head and to **protect** the tape from sharp edges on the well casing
- **Vinyl Holding Grip** – molded to the frame, **ergonomic easy grip**
- **Winding Handle** – custom made for **easy rewinding** with gloved hands
